Duration	<b>03h30min</b>
Content tags	Drawing Illustration
Subcontent tags	Anatomy Figure Drawing
Status	In progress
Starting date	@November 5, 2025

## How to Improve Your Figure Drawing - Step by Step

"Nothing is going to teach you better than just do draw a bunch"

1. Head
2. Torso
3. Pelvic
4. Draw the Spine

- **Pro Tip:** Study ***Gesture Drawing***. Do quick studies (1 to 5 min.) \*\* start from five and work downwards
    - Draw from life instead of other artists, preferably
    - Use your own sketchbooks
  - If you're struggling with a pose just take a picture of yourself!
  - Just like everything in art, you'll just keep tweaking it and improving it overtime
- \*\* Better get used to your tools

**Search:** Foreshortening (Perspective)

\*\* Draw in blocks
